

SAFETY & LOGISTICS - LESSONS LEARNED FROM IMPLEMENTING AN INTEGRATED OFFSHORE MULTI-USE PROJECT

EXAMPLE: THE GERMAN NORTH SEA PILOT

Speaker: Eva Strothotte

Co-author: Julian Pforth, Tim Staufenberg

This Project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under Grant Agreement no 862915

26.01.2022

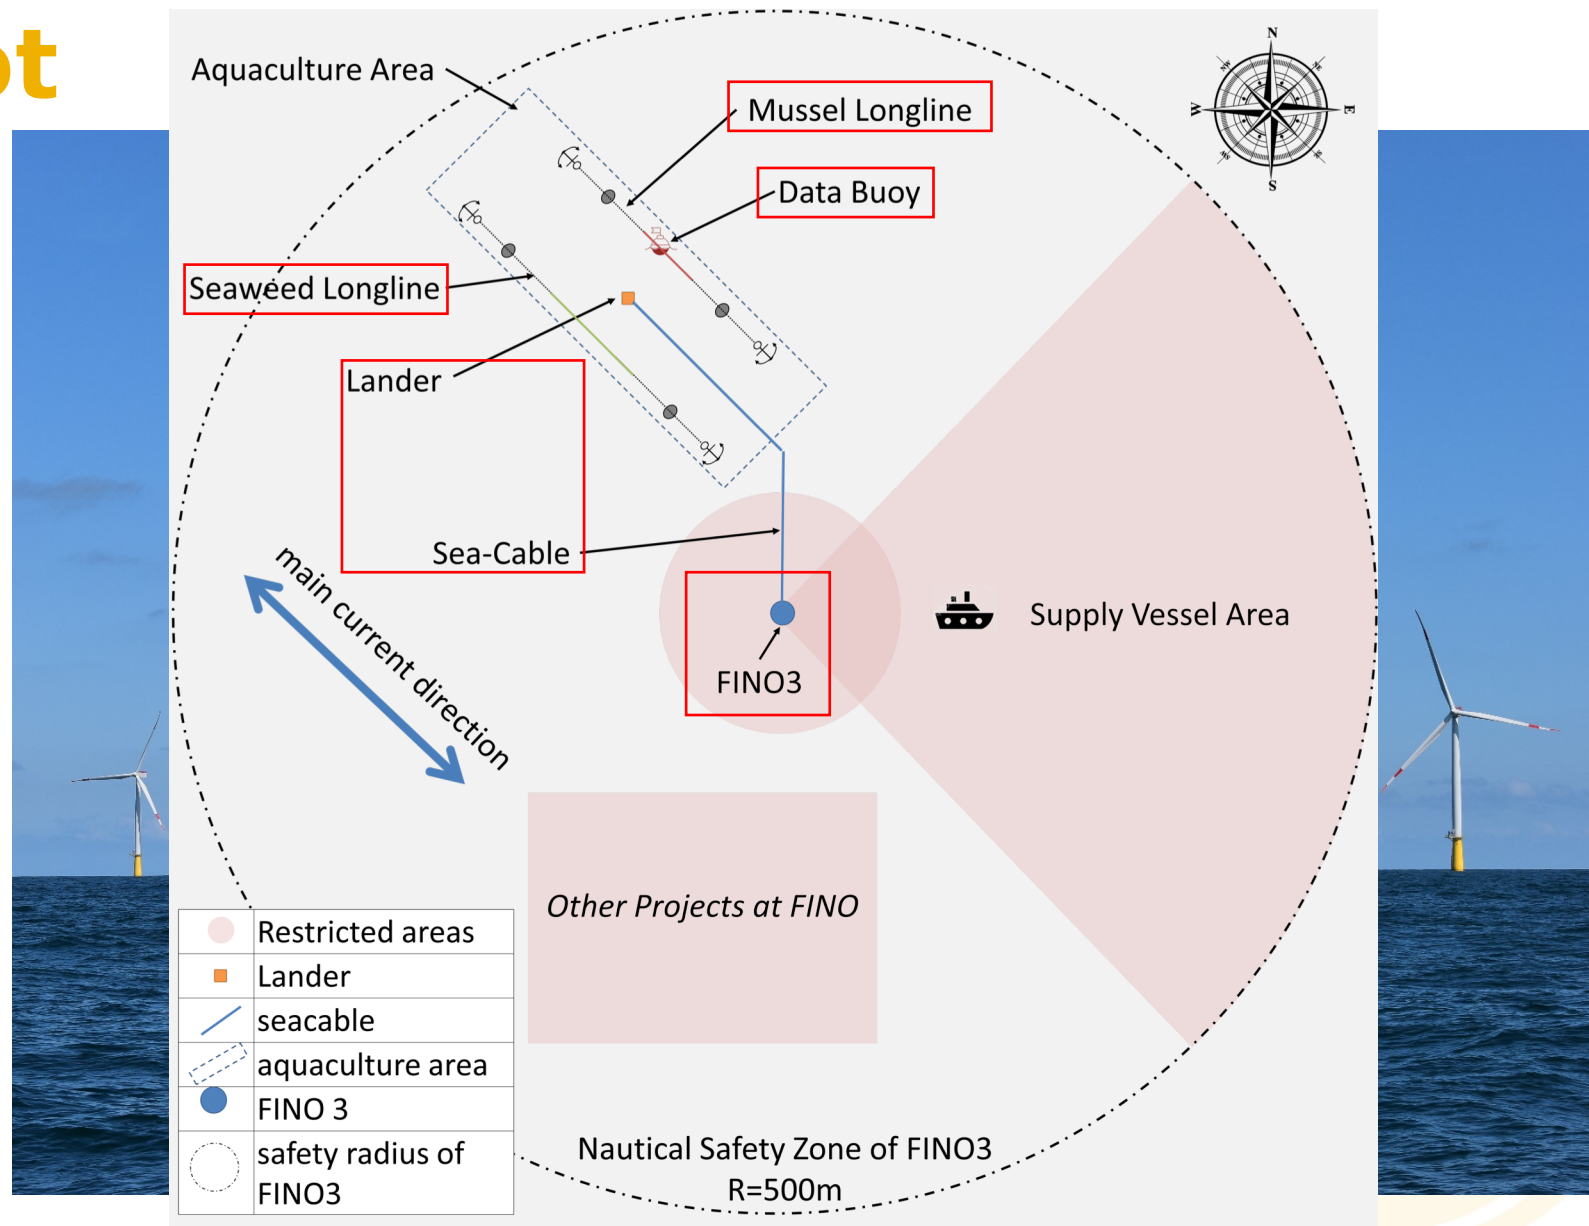

WWW.H2020UNITED.EU   

German Pilot

Fino3

Aim

- Combining **offshore wind research** (FINO3 research platform) and **aquaculture** (seaweed and mussel)

German Pilot

Different Locations

- OFFSHORE Site: Fino 3
- NEAR-SHORE Site: KMF
- Office Fue & 4HJena
- Port

Logistics

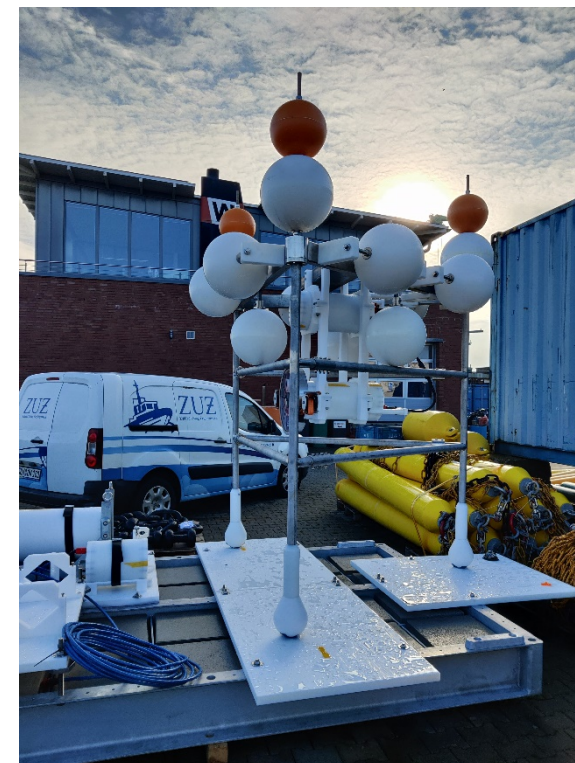

Small Equipment

Aquaculture-Systems

Lander

Safety

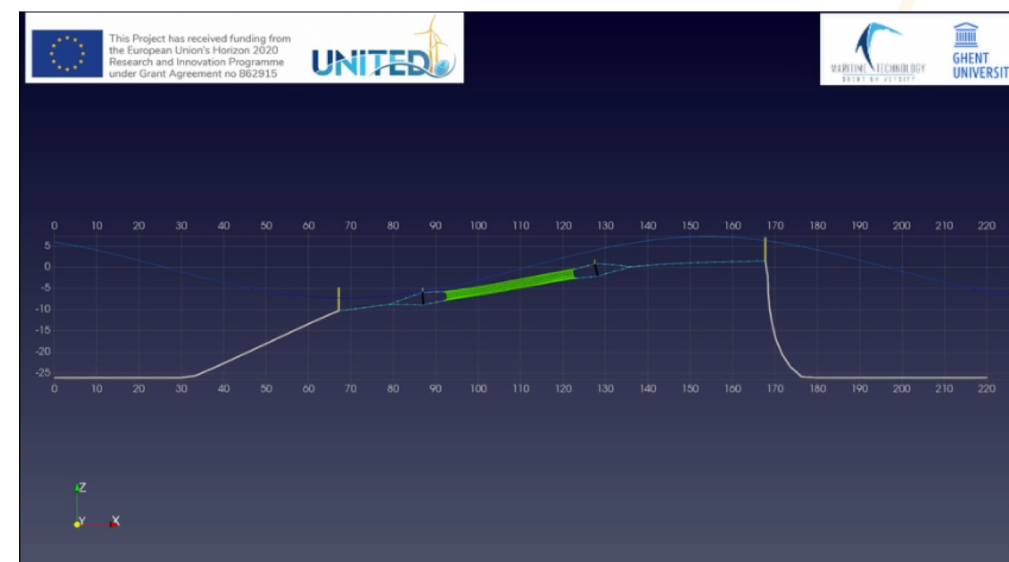

Personnel

- Safety concept
- **Emergency Response Plan**
- OFFSHORE safety training

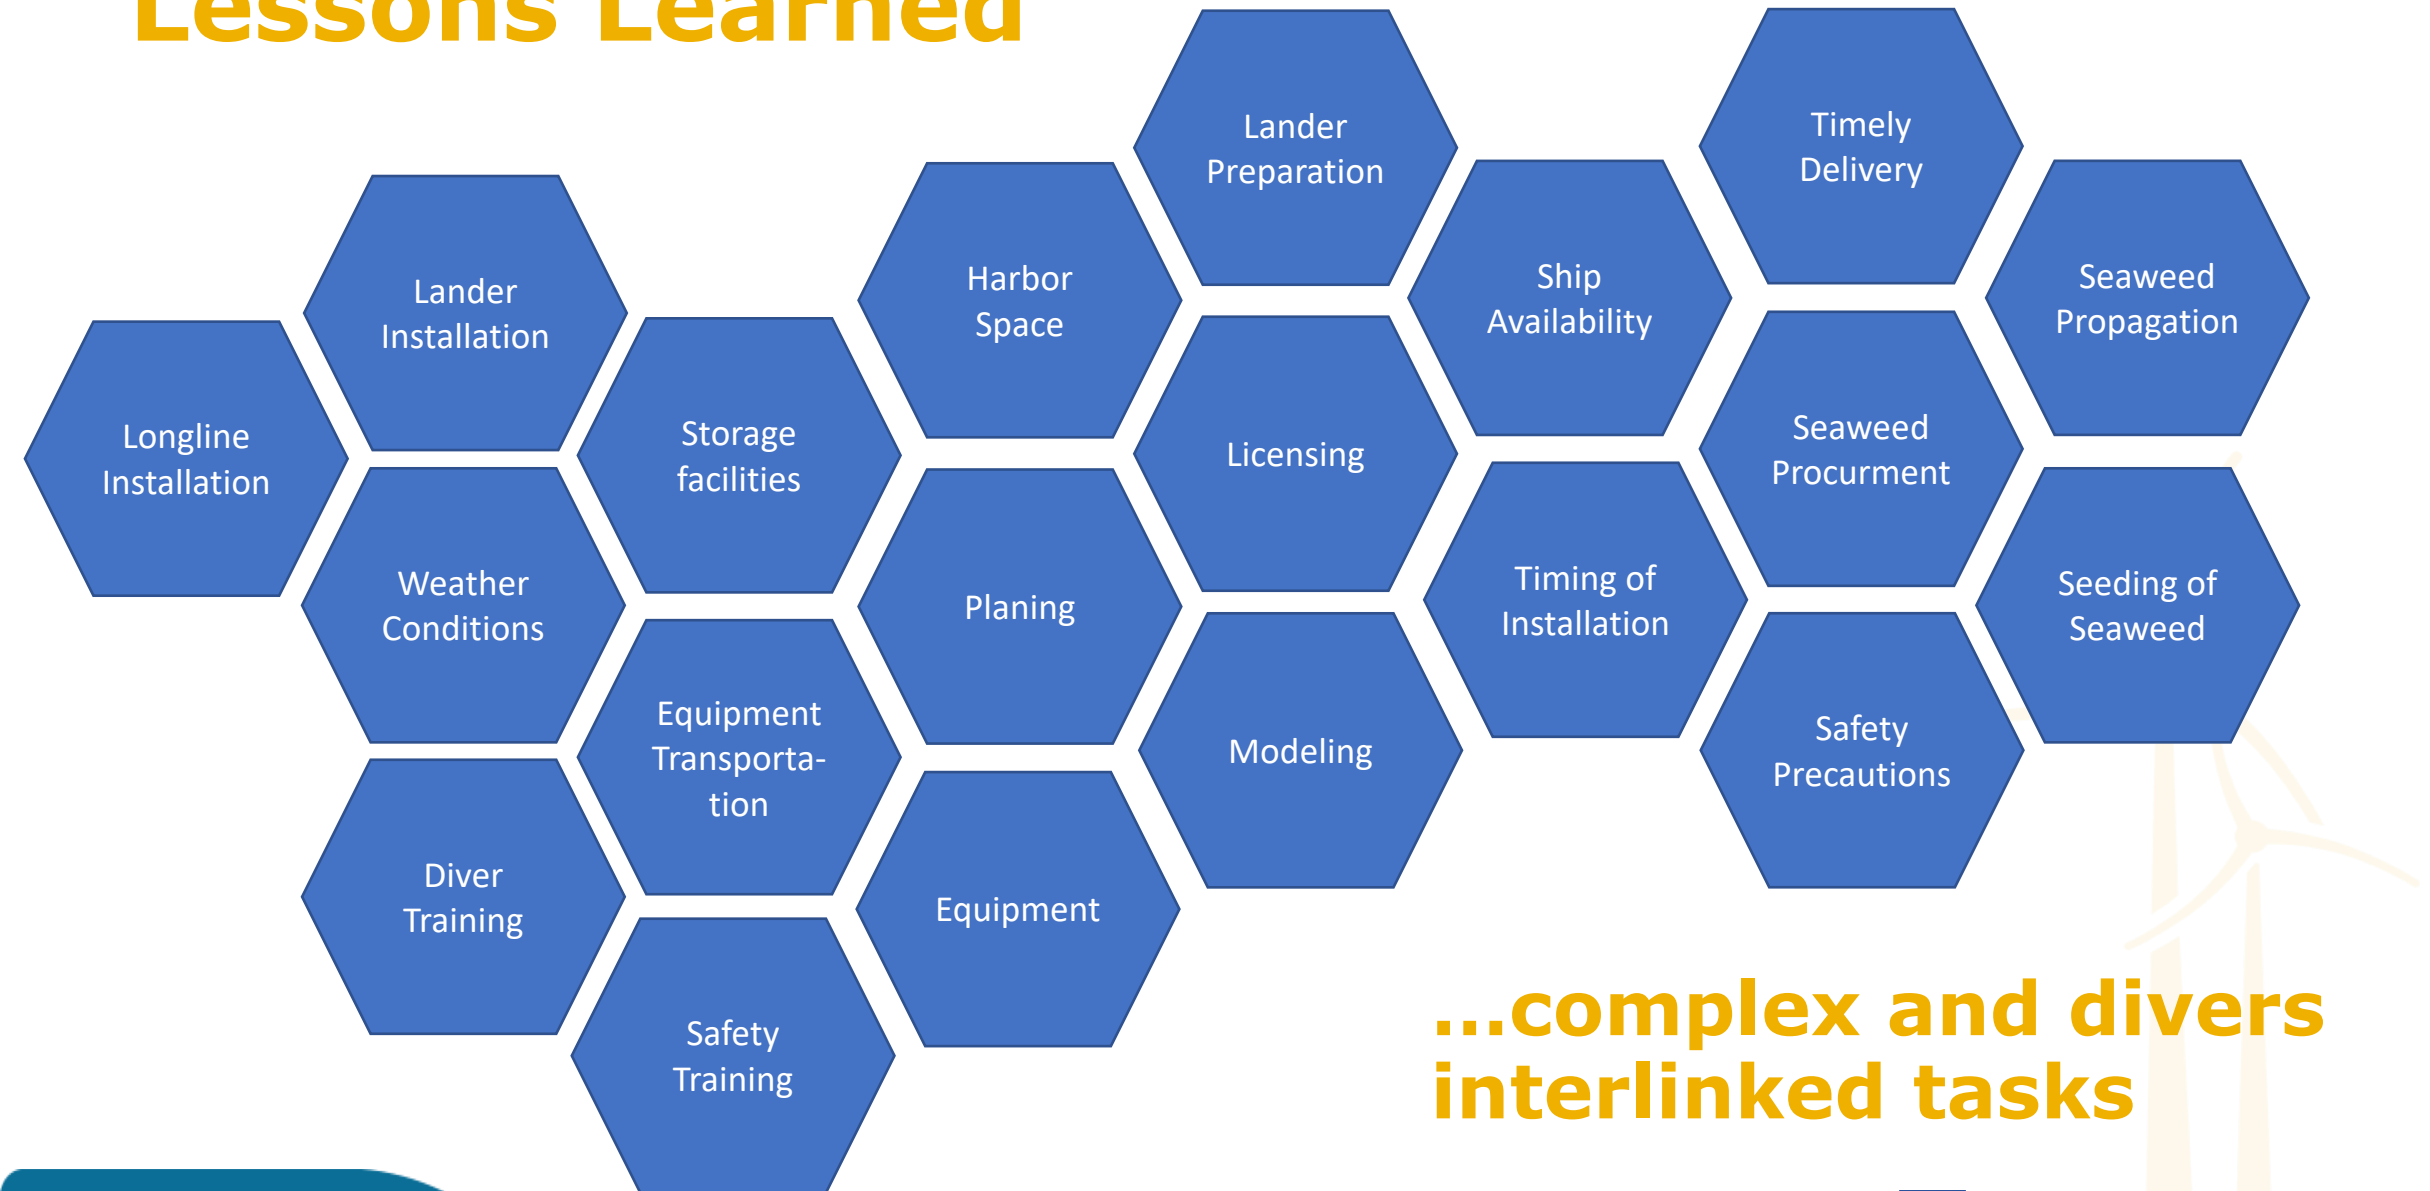

Equipment

- OFFSHORE safety standards
- Internal safety modeling
- Verification by independent engineering offices

Lessons Learned

...complex and diverse interlinked tasks
